Medicare Orthopaedic Implants & Instruments

- Profile -

Established in the year **1987**, we, “**Medicare Orthopaedic Implants & Instruments**”, have emerged as a preeminent manufacturer and supplier of **Medical Instruments**. We develop these products using optimum quality material to ensure their flawlessness.

With regular technological upgradation and innovative mechanism, we have been able to fulfill the urgent orders placed by the clients. Apart from this, our experts periodically check the products at our in-house testing unit to ensure that these are in compliance with the international standards. We dispatch the fabrics after inspecting the minute details so as to deliver best at the clients' destination. Owing to our convenient dealings, competent workforce and client-centric policies, we have garnered a huge client base for ourselves in this domain.

Under the able patronage of our mentor, '**Mr. Ajay Gimonkar**', we have achieved huge success and growth in this competitive domain. His excellent leadership skills and in-depth knowledge of this business have always supported us in standing ahead of our counterparts in the industry.
